

# ~~HISTORICAL~~ HYSTERICAL PALESTINE

*THE OFFICIAL JOKE BOOK OF THE ISRAELI-PALESTINIAN CONFLICT*

BY  
PAUL E. STEIN

**WARNING:** THIS BOOK WILL OFFEND ANTI-ZIONISTS, ANTISEMITES, AND PALESTINIAN TERRORISTS

**Welcome to HYSTERICAL PALESTINE, the world's first joke book dedicated entirely to making fun of the Palestinians and their questionable cause.**

**In the pages that follow we will laugh at their corrupt politicians and scoff at their national myths, ridicule their retrograde religion, belittle their BDS cult, taunt their terrorists and laugh (did I already use "laugh"?) at their eternal war against Israel. We will respond to their hatred with a hearty "Ha Ha Ha!"**

**But before we get to the fun stuff, please endure this serious foreword by Palestinian human rights activist Gofaq Yousef:**

*Shame on you, reader! How dare you laugh at the Palestinians! They're the world's foremost victims! They can do no wrong! There's nothing funny about them! Every day is Nakba day! You must shed a tear and observe a minute of silence whenever a Palestinian crosses your path!*

*How dare you laugh at the Palestinians! Don't you know that they're suffering a genocide?! That's right, a genocide! Israel is exterminating them. We know it's true because every generation there's twice as many Palestinians making this claim!*

*How dare you laugh at the poor Palestinians! They're a people who have no voice! They are being silenced! That's what they tell us in millions of social media accounts, in mainstream media, at university campus protests, at the United Nations, and at massive rallies in cities all around the world! The silence is deafening!*

*How dare you laugh at the poor Palestinians! Their land is occupied by horrible Jews, er, Zionists, who control the whole world. The Zionists are the evil force behind all the bad stuff everywhere. Every time a baby cries, a Zionist is to blame! Burn this book, burn it immediately!*

\*\*\*\*\*

**You still here?**

**Good for you.**

**Gofaq Yousef can go fuck himself.**

**Here are the jokes...**

## CHAPTER 1: TERRORISM

**Let's start with what Palestinians are most famous for, and most loved for, their number one contribution to humanity: Terrorism.**

**Some of the terrorism jokes in this chapter may seem dated. Suicide bombings have become a rare occurrence since Israel's construction of the security barrier. And Palestinians no longer hijack airplanes, preferring nowadays to hijack academia and international institutions.**

**But rest assured, the terror continues unabated: the next rocket attack, car-ramming, shooting or stabbing is just around the corner. Which is why I wield a can of pepper spray whenever I turn a corner. It's also why so many Palestinian terrorists refer to themselves as "seasoned veterans" - because of all that pepper!**

What did the proud Palestinian mother say when she learned her 11-year-old daughter had just committed a suicide bombing?

"Kids blow up so fast nowadays!"

\*\*\*\*\*

What is the most popular kids show in Palestine?

Dora the Exploder!

\*\*\*\*\*

Why did Leila Khaled (the famous Palestinian hijacker) want to blow up the airplane?

Because the lavatory said "occupied".

\*\*\*\*\*

I'm not saying that Palestinians recruit child soldiers, but...

A 16-year-old Hamas terrorist was killed in a gunfight.

In his obituary, they thanked him for 12 years of service.

The suicide bombing instructor is teaching a group of new recruits. With detonator switch in hand, he says: "Watch closely, I'm only gonna show you this once."

\*\*\*\*\*

In Tel Aviv, a Palestinian was arrested for eating a can of beans and then holding a lighter to his ass. Police say he was planning to carry out a fartyrdom operation.

\*\*\*\*\*

What do you call a gang of obese Palestinians?

Inti-fatties.

\*\*\*\*\*

An axe-wielding Palestinian shouts "ALLAHU AKBAR" ("God is Great") and hacks to death five Jews before finally being shot dead by a policeman.

He shows up in heaven and stands before God, expecting to receive his eternal reward. God swings an axe and chops the terrorist into five pieces, each of which bleeds and writhes in agony.

God tells him: "That's for killing five innocent people."

Then God kicks him in the balls.

The terrorist squeals in pain, "What's the kick in the nuts for?"

"That's for implicating me!"

## CHAPTER 2: PALESTINE 101

**In June 1964, an Egyptian terrorist named Yasser Arafat held up a Jordanian flag with the star removed, and so began 5000 years of indigenous 'Palestinian history'...**

**Here is everything you need to know about Palestinian “history”, “culture”, and “peoplehood”, which taken together constitute the world’s biggest joke.**

\*\*\*\*\*

An Israeli tourist on a visit to New York City hires a cab to drive him around the sights. He engages the driver in small talk to get better acquainted.

"Where are you from?" he asks.

"I'm from Palestine" says the cab driver proudly, "and you?"

"I'm from Narnia."

"Bullshit, that place doesn't exist" says the cab driver.

"Well, you started it" says the Israeli.

\*\*\*\*\*

You should never call Palestine a shithole country.

It's a shithole territory.

How many Palestinians does it take to change a light bulb?

None. They prefer to live in the dark and blame the Jews.

\*\*\*\*\*

The Palestinians used to be barbaric and corrupt, but they've turned themselves around. Now they're corrupt and barbaric.

\*\*\*\*\*

99% of Palestinians give the rest a bad name.

\*\*\*\*\*

Israelis wrote a book about their country's innovative spirit called "Start-Up Nation".

Not to be outdone, the Palestinians have written a book of their own: "Stagnation".

\*\*\*\*\*

A man at a bar approaches an attractive woman.

MAN: Girl, are you Palestinian? Because you da bomb!

WOMAN: No, I'm Palestinian because my beauty is harder to define than Israel's borders.

### CHAPTER 3: PALESTINIAN LEADERSHIP

There are a lot of words you can use to describe Palestine's leadership: brave, honest, visionary - you'd be lying, of course, which would qualify you to be the next great Palestinian leader.

\*\*\*\*\*

Yasser Arafat is comparable to Gandhi - and compared to Gandhi, he's no Gandhi!

\*\*\*\*\*

The Palestinians used to be barbaric and corrupt, but thanks to great leadership, they've turned themselves around. Now they're corrupt and barbaric. (This joke feels oddly familiar)

\*\*\*\*\*

A Palestinian protester in Ramallah stood in the public square and yelled out: "Our leaders are a bunch of inbred camel-fucking semi-retarded two-legged donkeys!"

He got sentenced to 10 years in prison: one year for insulting the leadership, and 9 for revealing state secrets.

\*\*\*\*\*

What's the difference between the return of Halley's comet and the next Palestinian election?

No one alive today will live to see the next Palestinian election.

The EU president phoned Mahmoud Abbas and directly confronted him about the Palestinian Authority's corruption: "Where's the billions of dollars we gave you? Did you steal it?"

Mahmoud Abbas was indignant: "How dare you accuse me of such things. And to think, I named my yacht in Qatar after you!"

\*\*\*\*\*

Local elections are happening in a village in the West Bank. It's a narrow race between Hamas and the Palestinian Authority. At the polling station, two voters chat.

Mohammed: I'm going to vote for Hamas.

Jibril: Why? The PA is bribing voters \$10 to vote for them. Hamas is bribing voters only \$5.

Mohammed: Exactly. Hamas is more honest!

\*\*\*\*\*

A Middle East expert talks to a Palestinian politician.

Middle East Expert: There are two reasons you don't have a state yet; it's entirely due to terrorism and bad faith negotiations.

Palestinian Politician: That's a relief. I thought you were going to say it was our fault.

One day in Gaza City, Marwan Issa, a high ranking Hamas commander, has his head blown off by a booby trapped cell phone. His face is totally gone, so his two personal bodyguards, Jibril and Asad, are called to the morgue to confirm his identity.

They roll him over onto his belly, pull down his pants, and examine his ass.

Jibril declares: "It's not him."

Asad confirms: "He's right. It definitely can't be him."

"Are you certain?" asks the mortician. "We have good reason to believe this is Marwan Issa."

"It can't be," says Jibril. "Marwan has two assholes."

"How do you know that?" asks the mortician.

"Because," says Asad, "whenever me, Jibril and Marwan walked through Gaza, everyone would say, 'Hey, look, there's Marwan with the two assholes.'"

## CHAPTER 4: THE OCCUPATION

**The Palestinians say the Jews are stealing their land. The Jews say it's rightfully theirs. With so many overlapping claims to the same place, how will they ever solve this conflict? Don't worry - I'm sure they'll reach some kind of settlement!**

\*\*\*\*\*

The "Free Palestine" slogan never made sense to me. No wonder they keep losing land. What Jew could pass on a deal like that?

\*\*\*\*\*

A Palestinian threw a rock at a Jew and shouted "Stop taking our land!" The Jew caught the rock and shouted, "Stop throwing your land at us, and we'll stop taking it!"

\*\*\*\*\*

If the West Bank doesn't belong to the Jews, why is it called a bank?

\*\*\*\*\*

I know a Palestinian whose favourite movie of all time is "Exodus", the 1960 epic about how Jews came from Europe and established the state of Israel. But he watches it in reverse, so it ends with the Jews leaving.

\*\*\*\*\*

Why did the dyslexic sex addict enter the West Bank? He thought the sign said Best Wank.

Palestinian construction workers are building homes for a new Jewish settlement in the West Bank.

Abdul is working harder than anyone else, grunting and sweating under a huge load of bricks that he carries up and down the ladder all day long.

On the walk back to their village, Abdul's fellow workers chastise him for his enthusiasm: "It's bad enough we have to build homes for those accursed Jews - but must you also work so hard?"

Abdul winks and says, "I fooled those Zionists dogs. It was the same load of bricks all day!"

\*\*\*\*\*

A Jewish settler constructs a small house on a barren hilltop. On the next hilltop lives a Palestinian farmer. The two eye each other suspiciously but never speak. One day the Palestinian farmer knocks on the door of his Jewish neighbour.

Qasim: I came here to tell you I am sorry. My rooster escaped from the coop and destroyed your flowers!

Shlomo: That's totally alright. My dog tore apart your rooster.

Qasim: Excellent! Because on the way over here, I drove over your dog.

## CHAPTER 5: RIOTS AND PROTESTS

Sticks and stones may break my bones, but jokes will never hurt me. Which is why Palestinians hate jokes. They prefer to use Molotov cocktails, rocks, burning tires, knives, slingshots and the occasional AK-47, at their peaceful protests.

\*\*\*\*\*

Mohammed: The Palestinian Authority has declared a day of rage!

Abdul: But we just had a day of rage yesterday, and the day before that, and the day before that...

Mohammed: Yes, days of rage are all the rage nowadays.

\*\*\*\*\*

A Palestinian rioter gets shot in both legs by an IDF sniper. He loses consciousness and wakes up in a Ramallah hospital.

Rioter: (waking up) Where am I? What happened to me?

Doctor: I've got good news and bad news. Which would you like to hear first?

Rioter: Tell me the bad news first.

Doctor: You were shot in the legs and we had to amputate both of your feet.

Rioter: That's terrible. What's the good news?

Doctor: Someone in the next ward wants to buy your sandals.

A Palestinian rioter gets shot by an Israeli soldier and dies. He suddenly finds himself in the presence of the Archangel Gabriel. The angel offers him the choice of Hell or Heaven.

The Palestinian asks to see the difference, so Gabriel takes him down to Hell where thousands of Palestinians are tossing rocks and Molotov cocktails at IDF soldiers who fire back with tear gas and rubber bullets...for all eternity.

Next, they go up to Heaven. The Palestinian is astonished to see the exact same scene - Palestinians are violently rioting and the IDF responds with military might.

"Hey!" says the Palestinian, "this is just as bad as Hell! What's the difference?"

Gabriel replies, "Up here you get non-stop media coverage".

\*\*\*\*\*

What do you call a Palestinian woman who's been run over by an Israeli bulldozer?

Flatima.

\*\*\*\*\*

What do Palestinians throw at Jewish weddings?

Mazel-tov cocktails.

## CHAPTER 6: WAR AND WHAT IT'S GOOD FOR

The Arabs have waged many wars against Israel. Each war ended in humiliation and defeat for the Arab nations, as well as loss of land. Hence, the famous T-shirt sold in tourist shops across Israel: "Dear Arabs, please invade us. We need more land."

\*\*\*\*\*

Why did the Israelis win the Six Day War?

Because the equipment was rented.

\*\*\*\*\*

After Israel beat back five Arab armies in 1948, an international critic advised Israel's Prime Minister: "You need to make peace with your enemies. Remember the Biblical prophecy that the lion will lay down with the lamb, as is written in Isaiah."

"That will be great," said Ben-Gurion, "as long as Israel is the lion."

\*\*\*\*\*

An Israeli says to his friend: "I wish we were surrounded by 10 million hostile Arabs."

"Why in God's name would you want that?"

"Because right now we're surrounded by 500 million of them!"

\*\*\*\*\*

I think we're always going to have tension in the Middle East when there's people who want to kill the Jews and the Jews don't want to be killed and neither side is willing to compromise.

During the Israeli war of independence, the Jewish soldiers found themselves bogged down in trench warfare against the Jordanian Legion. As each side remained hunkered down in their respective trenches, a stalemate had been reached.

A Jewish soldier had a brilliant idea: Since most Arabs are named Mohammed, all he needs to do is to call out the name "Mohammed" and this will flush them out one by one.

The Jewish soldier shouted, "Hey, Mohammed!"

A Jordanian soldier stood up and shouted back, "What?"

The Jewish soldier shot him dead.

This tactic worked like a charm: Each time he shouted "Mohammed", another Jordanian soldier stood up to respond, and the Jew shot him.

Eventually only one Jordanian soldier remained alive. But he was the smartest one and he was not going to fall for this trick. He had a brilliant idea: Since most Jews are named Moshe, all he needs to do is to call out the name "Moshe", so he shouted "Hey, Moshe!"

The Jewish soldier, who happened to be named Moshe, was about to rise, then hesitated and shouted back, "Who's calling?"

The Jordanian soldier stood up and said, "It's me, Mohammed!"

And the Jewish soldier shot him dead.

\*\*\*\*\*

A frog was sitting on the banks of the River Jordan when a scorpion approached her.

Scorpion: Hi. Could you do me a favour and carry me across the river on your back?

Frog: Are you mad? You're going to sting me!

Scorpion: Now why would I do that? If I did that, I'd drown.

Satisfied by this reasoning, the frog allowed the scorpion to jump on her back and started to swim. But about halfway across the river, the scorpion stung the frog.

Frog: What the hell did you do that for? Now I will die and you will drown.

Scorpion: Welcome to the Middle East, bitch!

\*\*\*\*\*

Iranian president Masoud Pezeshkian calls President Trump and tells him, "Donald, I had a wonderful dream last night. I could see America, the whole beautiful country, and on the rooftops of all the houses were enormous banners."

"What did it say on the banners?" Trump asks. Pezeshkian replies, "UNITED STATES OF IRAN."

Trump says, "You know, Masoud, I am really happy you called, because believe it or not, last night I had a similar dream. I could see all of Tehran, and it was more beautiful than ever, and on each house flew an enormous banner."

"What did it say on the banners?" Pezeshkian asks.

Trump replies, "I don't know. I can't read Hebrew."

## CHAPTER 7: REFUGEES

The 1948 Arab war against Israel resulted in 700,000 Palestinian refugees. The UN quickly formed a special refugee agency (UNRWA) dedicated to *not* resettling them!

To this day, those original refugees, plus their millions of descendants, languish in permanent refugee camps throughout the Middle East - waiting and hating...

So, what are *we* waiting for? Let the jokes begin!

\*\*\*\*\*

The apocalypse. Judgment day. The entire human race perishes.

All the peoples of the world arrive at the gates of heaven: The Germans, the British, the Japanese...every nation is sent to their eternal reward or their eternal punishment based on how they treated the Jews.

When it's the Palestinian's turn, Archangel Gabriel goes through his list and says, "Hmm, Palestinians? Sorry, it seems you're not a real nation. You're not on our list." Gabriel goes to see God and asks: What are we supposed to do with them?

God says: "Bring out some tents, set up a refugee camp and we'll figure something out eventually..."

\*\*\*\*\*

How do we know that E.T. isn't a Palestinian?

Because if E.T. was a Palestinian, every time he says "Hooome....", he'd flash a giant rusty key.

\*\*\*\*\*

What's the difference between Palestinian refugees and Halley's comet?

After 76 years, Halley's comet returns.

## CHAPTER 8: PALESTINE IS A PAL O' MINE

**The Palestinians have many allies, all of whom are motivated by a hatred of Israel and/or Jews, rather than by any sincere concern for the well-being of Palestinians.**

**There's the UN which turns a blind eye to injustices worldwide (including crimes committed between Palestinians) in order to focus obsessively on Israel.**

**There are the Arab states who waged multiple failed wars against the Jewish state, then didn't give a damn when millions of Palestinians became perpetual refugees as a result of those failed wars.**

**There's the BDS movement which cannot tolerate a Palestinian earning a good salary if he's working for Jews. Thousands of Palestinians have lost their livelihoods due to BDS campaigns against their Jewish employers.**

**Hey, Palestinians! With friends like these, who needs enemies...!**

## **PAL OF THE PALLIES #1: THE UNITED NATIONS**

**The UN recognized the state of Israel in 1948 and has regretted it every day since.**

\*\*\*\*\*

A Palestinian in Ramallah wakes up one morning and decides that he is going to kill Jews today. He gets in his car, drives around the West Bank and speeds up to hit every Jewish settler he sees, killing several during his morning drive.

He spots a stranded UN peacekeeper whose car broke down, and offers him a ride. The Palestinian realizes he'll need to temporarily curtail his terror activities and decides to behave like a perfect angel as long as the UN peacekeeper is in his car.

Eventually, the Palestinian sees a Jew crossing the street ahead and his lust for jihad gets the better of him. He speeds up for the kill, but then swerves at the last moment as he remembers that his passenger is a UN peacekeeper.

Despite swerving away, he hears a large thump and looking in his rear view mirror sees that the Jew was indeed hit by his car.

He turns to the UN peacekeeper and says, "I swerved and missed him! I swear!" The UN peacekeeper says, "I know. Luckily, I swung open my door."

\*\*\*\*\*

Three men are out on safari -- an American, a Brit and an Israeli. They are captured by cannibals who start getting the cooking pots ready. The cannibal chief tells the travellers they can have one last wish.

"What's your last request?" he asks the American.

"I'd like a hamburger," he replies.

So the cannibals kill a zebra and serve the American a zebra burger.

"What do you want?" the cannibal chief asks the Brit.

"I'd like to have a smoke on my pipe," which they let him do.

Then the chief asks the Israeli: "What's your last wish?"

"I want your strongest warriors to beat me up."

"Are you serious?" asks the cannibal chief.

"Totally serious - it's my final wish," says the Israeli.

The chief beckons forth some young cannibals who beat the Israeli without mercy until he's a quivering mass of bruises, blood and broken bones.

As they drag the Israeli toward the cooking pot, he suddenly pulls out a hidden gun, shoots the chief, shoots several other cannibals, and the rest flee in fear.

The American and Brit bandage their Israeli friend and ask, baffled: "Why did you put yourself through all that? Why didn't you just shoot them in the beginning?"

The Israeli replies: "What?! And have the UN call me the aggressor?!"

\*Epilogue: The UN condemned the Israeli as the aggressor.

## PAL OF THE PALLIES #2: THE BDS MOVEMENT

**BDS: Bullshit, Demonization & Slander.**

\*\*\*\*\*

A Jew convinces a BDS activist to come to his synagogue and hear a lecture about Zionism: "Hear the other side", the Jew says. "You might learn something." The BDS activist agrees and attends the lecture.

After the lecture they exit the synagogue. The BDS activist exclaims: "Wow. I always thought of the Jews as colonialist settlers...but they actually came as refugees fleeing persecution and are not foreigners, but rather indigenous people returning home after a long and terrible exile."

The Jewish friend is pleased to hear this, when suddenly the BDS activist pulls out a can of spray paint and sprays "Death to Israel" and "Zionism is a cancer" on the synagogue doors.

The Jew says: "I don't get it! I thought you're starting to understand our side!"

The BDS activist replies: "Gotta stay balanced!"

\*\*\*\*\*

A young German BDS activist is cleaning out the attic of his deceased great-grandfather and is shocked to find Nazi paraphernalia and a picket sign with the slogan "Don't buy from Jews". Ashamed of his family's past, he promptly vows to show how far the German people have come since those dark days. He covers over the word "Jews" with white paint and writes "Zionists".

### PAL OF THE PALLIES #3: JEWS FOR JIHAD

There are some activists in this world who seem to act against their own interests, like Gays for Gaza, Jews for Jihad and Chickens for KFC. Those first two groups - the gays and the Jews - really exist. The chickens are just a joke. Chickens aren't that stupid.

\*\*\*\*\*

TRUE STORY: In 2009, during Israel's Operation Cast Lead against terrorists in Gaza, a Toronto-based Jewish pianist called a press conference to announce that he is "ashamed to be a Jew".

I asked him: "You don't look Jewish and your name doesn't sound Jewish, so if you're *ashamed* to be a Jew, why not just keep quiet?" Without missing a beat, he answered, "Because I'm proud to be ashamed to be a Jew!"

\*\*\*\*\*

Those who say they are "ashamed to be Jewish" should take comfort in knowing that we, too, are ashamed they are Jewish.

\*\*\*\*\*

The rabidly anti-Israel "Jewish Voices for Peace" held a public memorial service on the anniversary of a terror attack in which a Palestinian suicide bomber blew up in Tel Aviv, killing 17 Jews.

The Jewish Voices for Peace activists lit one single candle.

I asked, "Shouldn't there be 17 candles?"

"Why? *One* Palestinian died."

## PAL OF THE PALLIES #4: FELLOW ARABS

**Syria, Lebanon and Jordan have all massacred large numbers of Palestinian refugees within their borders. Kuwait expelled hundreds of thousands of Palestinians in the 1990s. Lebanon forbids Palestinians from owning land and bars them from dozens of professions. These countries are considered pro-Palestinian. Imagine how they would treat them if they weren't!**

\*\*\*\*\*

The Arab League, composed of 22 Arab countries, cares about the Palestinians! Toward the rebuilding of Gaza, they've pledged a financial aid package worth \$75 million: Seventy-five dollars per year for the next million years.

\*\*\*\*\*

Breaking news: Gaza, Palestine — The Hamas government announced today that they have received a thousand septic tanks from Qatar...and they vow that as soon as they learn to drive them, they're going to invade Israel.

\*\*\*\*\*

A Jew and an Arab are flying on the same plane. The Arab sits next to the window, the Jew in the aisle seat. They sit in silence and constantly cast hateful glances at each other.

The Arab wants to get up and grab himself a cola. The Jew in the aisle seat says, "I'll bring it to you. Don't bother".

The Jew goes to bring a cola. While he's gone, the Arab spits into the Jew's hat. The Jew returns and the Arab drinks the cola.

As the plane descends for landing, the Jew puts on his hat. He pauses, thinks for a moment and then says, sadly: "The hatred between our two peoples is so unnecessary, don't you agree? Spitting into a hat. Urinating into a cola. It's a shame, no?"

## CHAPTER 9: MEDIA BIAS

**This next section is dedicated to those brave journalists who each day go out to battle against truth and violate their own consciences in order to bring us the blood libels that fuel the fire of the conflict.**

\*\*\*\*\*

A news editor from MSNBC's Middle-East bureau brags to a group of potential advertisers: "We're always the first to break a story ahead of all the other news broadcasters. Last month, we were the first to report that the Israelis were kidnapping Palestinians to steal their organs. And just last week, we were the first to report that there was absolutely no basis to that story!"

\*\*\*\*\*

Anything Israel does gets a bad spin in the media. After Israel vaccinated their Arab population against COVID, international headlines read: "Over a million Arabs shot by Israel"

\*\*\*\*\*

An Israeli tourist visits England. Suddenly he sees a vicious dog trying to devour a girl. So he kills the dog and saves the girl. A journalist from the BBC comes to him and says: "This will be headline news tonight all over England. "Local Londoner saves girl".

The Israeli tourist tells the journalist: "I'm not English".

So the journalist says: Ah, that accent. We'll write "Greek tourist saves girl." He tells her: "I'm not Greek either."

"What are you?", asks the journalist.

"I'm Israeli."

So the BBC headline ran: "Israeli tourist kills dog."

A news editor accuses the anti-Zionist journalist Gideon Levy of being incapable of writing a single article that is critical of Palestinians. He declares that Gideon is either too willfully blind to see their failings or too terrified of offending them. He concludes that Gideon Levy is not worthy of being called a journalist.

Insulted, and up to the challenge, Gideon Levy submits, for the first time ever, a piece of journalism criticizing the Palestinians. And it's harsh. He refers to them as terrorists, genocidal religious fanatics, a fake people with an insatiable lust for revenge, politically corrupt and culturally backward...

The editor is impressed to see Gideon display such moral courage and integrity for the first time ever. He is about to publish the article when Gideon nervously stops him and asks, "I have one request. Please, before you publish, can I change just one word?"

The editor figures "What's one word going to matter?", and agrees.

Gideon changes the word "Palestinians" to "Israelis".

\*\*\*\*\*

Moshe notices that his friend Itzik, a proud Zionist, is reading the Tehran Times. He says, "Itzik, why are you reading this propaganda from the Islamic Regime of Iran? Have you gone mad?"

Itzik responds, "On the contrary, Moshe. When I read the Israeli news, every headline is about antisemitism, boycotts, war, terrorism! It's so depressing! But when I read the Tehran Times, they say there's a Zionist global conspiracy and we control the entire world. It makes me feel a whole lot better!"

A Yemenite couple lost all three of their children to starvation during the civil war in Yemen. They submitted photos of their dead children to various media outlets, but no one seemed interested and their suffering was ignored by the whole world.

A few years later the husband ran home rejoicing for the first time in ages: "Darling! Our kids made it! Big time! Their tortured corpses are all over social media, news websites, and on television screens around the world!"

The bereaved mother is amazed: "But how?"

" Hamas and Israel are fighting again, so I labeled our photos ‘Gaza’ and resubmitted them!”

## CHAPTER 10: PEACE

Despite more than a hundred years of bloody conflict, there's still hope for peace, as the following jokes will attest...

\*\*\*\*\*

A reporter covering the Middle East heard a story about an elderly Jew who had been going to the Wailing Wall in Jerusalem to pray twice a day, every day, for decades. So she went to the Wailing Wall and, after waiting around for an hour or so, she spotted him.

When he had finished his prayers, she approached him for an interview. "Sir," she asked, "how long have you been coming to the Wailing Wall and praying?"

"Forty years."

"Tell me, what do you pray for?"

"For peace between Jews and Arabs; for all the hatred to stop; for all of our children to grow up as friends."

"And how do you feel after doing this for forty years?"

"Like I'm talking to a wall!"

\*\*\*\*\*

I attended one of those bridge-building peace initiatives where Jews and Palestinians sit together to bond over games and food. To break the ice at our first meeting, we played "Rock, Paper, Scissors". The Palestinians won easily, of course, because they came with actual rocks and scissors.

Israeli: Can't you Palestinians ever make peace with us?

Palestinian: I guess we could take a stab at it.

\*\*\*\*\*

Palestinian: Can't you Israelis ever make peace with us?

Israeli: I'm sure we can reach some kind of settlement.

\*\*\*\*\*

WHEN A FLY FALLS INTO A CUP OF COFFEE . . .

The Frenchman throws the cup, breaks it, and walks away in a fit of rage.

The German carefully washes the cup, sterilizes it and makes a new cup of coffee.

The Russian takes out the fly, and drinks the coffee.

The Chinese pours out the coffee and eats the fly.

The Israeli sells the coffee to the Russian, sells the fly to the Chinese, sells the cup to the Frenchman, drinks a cup of tea instead, and uses the extra money to invent a device that prevents flies from falling into coffee.

The Palestinian blames the Israeli for the fly falling into his coffee, protests the act of aggression to the UN, takes a loan from the European Union to buy a new cup of coffee, uses the money to purchase explosives and then blows up the coffee house where the Frenchman, the Russian, the Chinese, and the German are all trying to explain to the Israeli that he should give away his cup of tea to the Palestinian so there will be peace.

In the newest round of peace negotiations between Israel and the Palestinians, the Israelis make their most generous offer yet: The Jews agree to leave the West Bank and Gaza and the Golan Heights and also the entire state of Israel. Everything between the river and the sea will be handed over to the Palestinians and the entire population of seven million Jews will disperse into the Diaspora, with one exception: There's an eccentric old Jew living alone on a rock in the middle of the desert and he refuses to leave. If the Palestinians can agree to let the old Jew have that spot, the entire conflict will be solved and ended.

The Palestinian negotiating team, determined not to miss another opportunity at getting their own state, sequester themselves in their quarters to discuss the offer seriously. After hours of heated deliberation, a Palestinian representative comes out and asks: "So, you're saying...the whole rock?"

\*\*\*\*\*

A new Israel-Palestine peace deal is signed on the White House lawn.

The Israeli Prime Minister shakes hands with his Palestinian counterpart and says: "I wish for you all the same that you wish for us!"

The Palestinian President snaps back: "Are you starting up again already?!"

\*\*\*\*\*

"I'd kill for a Nobel Peace Prize" - Yasser Arafat

## CHAPTER 11: MISCELLANEOUS

The following jokes didn't fit into any particular category and had nowhere to go, so I created this section called "Miscellaneous". Now they have a home to call their own. If only it was that easy for the Jews and Palestinians!

\*\*\*\*\*

What do you call two Arab homosexuals courting each other in Jerusalem in the 1930s?

A Palestinian mandate.

\*\*\*\*\*

In the mixed Jewish-Arab city of Haifa, an Arab and a Jew are building identical houses next to each other on the same street.

After their houses are built the Arab says to the Jew: "Hey, you know my house is worth more than yours."

The Jew says: "Don't be silly. We have identical houses on the same street. How could yours be worth more than mine?"

The Arab replies: "Well, I live in a Jewish neighbourhood, you live in an Arab neighbourhood."

A friend of mine just started his own business making landmines that look like Muslim prayer mats. His product is selling quite well. He says prophets are going through the roof!

\*\*\*\*\*

Did you hear about the guy who was half Jewish and half Palestinian?

He was his own worst enemy.

I went on a dating site and met a Palestinian woman. She was sexy, smart, open-minded. I tossed all caution to the wind and drove to Gaza City to meet her. Of course it turned out to be a 60-year-old male Hamas commander using me for money and information. The sex was disappointing too.

God to Moses: "I'll give you a land of milk and honey, with snowy mountains up north, shiny desert in the south, olive trees all around and perfect beaches along the coast."

Moses: "What's the catch?"

God: "Wait till you see the neighbours."

A Rabbi is walking down the street in New York when he is shocked by a sign hanging in front of a building. The sign reads, "WE WOULD RATHER DO BUSINESS WITH 1000 HAMAS TERRORISTS THAN WITH ONE SINGLE ISRAELI"

Enraged, the Rabbi walks up to the door to go inside and yell at the owners, but he is stopped by a smaller sign saying, "THE CHEVRA KADISHA (Hebrew Burial Society)".

There's a new aquarium in Ramallah. The star attraction is a Jewish octopus. How do they know it's Jewish? Because each day in front of a live audience, they toss a ball that looks like the planet Earth into the tank and the octopus wraps his tentacles around it.

In downtown Ramallah, a Palestinian journalist sees a large crowd gathered around the scene of a car accident. He's eager to get the story but can't get close enough to see, so he shouts, "Let me through, I'm the victim's son". The crowd makes way for him. Lying in front of the car is an injured donkey.

A Catholic foreigner is walking down a street at night in Belfast when a man grabs him and holds a knife to his neck.

The assailant yells, "Are ye Protestant or Catholic?"

Terrified, the man thinks to himself: If I lie and tell him I'm Protestant, he may very well be Catholic. But if I tell the truth and say I'm Catholic, there's a large chance he'll be Protestant!

So the man says, "Jewish!"

The assailant grins and says "Lordy! I'm the luckiest Palestinian in all of North Ireland!"

An Islamic preacher makes an incredible announcement to his congregation at Gaza's main mosque.

Imam: My brothers! Allah spoke to me last night!

Worshipper (skeptical): Hmmm....really?

Imam: Allah said we must behead the Jewish males, rape the females, and enslave the children!

Worshipper (convinced): Oh, that does sound like something Allah would say!

Before the start of a public debate between Zionists and anti-Zionists, the moderator enters the dressing room of Ben Shapiro to escort him to the stage. He finds Ben naked on the floor, contorting his body, ankles around his neck, his nose poking into his butt crack.

"What on earth are you doing?", asks the moderator.

Ben answers, "I'm trying to stick my head up my ass."

"But why?"

"I thought it might be helpful if before I debate anti-Zionists, I try to see things their way."

An Arab walks into a bra store owned by a Jew. He finds a bra he likes and asks the price. The Jew being the salesman that he is says, "This is a great bra, it's really starting to get popular. 120 shekels each." The Arab nods and says "I'll buy 100."

A week later the Arab returns to the bra shop and finds another bra he likes. The Jewish guy smiles and thinks he's gonna try to mark up the price. He says "That's a great lace bra. It's imported from Italy, it's very popular and worn by a bunch of celebrities. They go for 180 shekels per bra". The Arab nods and says "I'll buy 150 of them."

The week after that the Arab comes back and finds another bra. The Jewish guy gets excited and thinks 'I'm really gonna get him this time' and says "This is our brand new silk bra imported from France. Only the finest materials used and it's extremely comfortable. I can sell you these for 250 shekels each." The Arab nods and says "I'll take 200."

They go to the checkout counter and the Jew gets curious, so he asks, "If I may ask you a question, what are you doing with all these bras?" The Arab smiles and says, "I cut them in half and sell them to Jews as yarmulkes for 200 shekels a piece!"

## CHAPTER 12: JEWS BEHAVING BADLY

**Israel has a crazy right-wing fringe and a crazy left-wing fringe. And everything in between. Palestine doesn't have a crazy fringe. They're all crazy.**

**As a right-of-center Zionist Jew, I gotta admit that we take some of the blame for this conflict. Here's some examples of Jews gone bad...**

\*\*\*\*\*

A leading Rabbi of Israel dies and goes to heaven. God tells him that because he lived a righteous life he shall be rewarded with a beautiful home in heaven, but first it needs to be built. In the meantime, the Rabbi must reside in a humble tent.

Weeks pass, and the Rabbi is still living in a tent, waiting for the completion of his permanent home.

One day, the Rabbi hears about a new arrival to heaven - all the angels are chatting about a certain Baruch Goldstein who died in unusual circumstances. The Rabbi decides to meet and greet this celebrity.

He reaches Baruch Goldstein's address and is shocked to see that Baruch, who died only yesterday, is already living in a fully built three-story mansion.

"I don't understand!", exclaims the Rabbi to God. "I've been here for several weeks and I'm still living in a tent. Baruch Goldstein's been here barely a day and he already has a mansion!"

God replies, "That's because he brought 29 workers with him."

\*\*\*\*\*

Israel is a racist country! On their Coca-Cola cans, it says in Hebrew "Carbonated Beverage". In Arabic it says "Shake Well".

A Muslim Arab family from Hebron approaches an Israeli Rabbi, asking to convert to Judaism. The Rabbi is suspicious of their motives, but goes ahead with the conversion process.

Finally, after completing a strict Ultra-Orthodox conversion, the entire family immerses themselves in the Mikvah (ritual bath) and emerge as Jews, as per the law.

But before the family receives their certificates of conversion, the Rabbi is still suspicious that they might be hostile Palestinian Arabs deep down. So, he adds a final test: He asks the new converts to walk across a minefield. The Rabbi tells them: "If God deems you to be sincere converts, and thus true Jews, He will guide you to the other side of the minefield in safety".

The father goes first, walking in a straight line while praying to God that he should not step on a landmine. He reaches the other side and the Rabbi hands him a certificate of conversion: "Congratulations, you are a true Jew!"

Next goes the mother and then the oldest child, followed by the second oldest, etc. As each one successfully crosses the minefield to the other side, they are embraced by the Rabbi: "Congratulations, you are now a Jew, and you're a Jew, and you're a Jew..."

Lastly, their youngest son, a child only 5 years old, begins to cross the minefield. He immediately steps on a landmine and is blown to bits.

The Rabbi says: "I am so sorry! My condolences on the death of your son!" The father laughs, "Who cares! He was just an Arab."

\*\*\*\*\*

I walked into a Palestinian bookstore in East Jerusalem, and asked the clerk if he could help me find a book by Rabbi Meir Kahane, about what should happen to the Arabs living in Israel.

The clerk got furious and yelled at me "Get the fuck out!"

I said "Yes, I think that's the title. Do you have it in paperback?"

\*\*\*\*\*

A Jewish settler takes a stroll outside his settlement one Sabbath afternoon and accidentally wanders into a hostile Palestinian village. He finds himself surrounded by a dozen Arabs eyeing him suspiciously. Upon surveying the situation, he mutters quietly to himself: "Oh God, I'm screwed!"

There is a ray of light from heaven and a voice booms out: "No, you are NOT screwed. Pick up that stone at your feet and bash in the head of the Arab nearest to you."

So the settler picks up the stone and proceeds to bash the living heck out of the man. He stands over the lifeless body and looks up to see the other Arabs, now furious, screaming for vengeance.

God's voice booms out again: "Okay...NOW you're screwed."

\*\*\*\*\*

An Israeli kibbutznik saw a man drinking from a stream that ran past his Kibbutz. He shouted at the man: "Don't drink water from there. It's full of industrial chemicals and cow shit."

"Sorry, I don't understand Hebrew so well," said the man. "I'm from Umm Al-Fahm. Can you speak slower please?"

The Jew replied, slowly: "I said I'll bring you a cup so you can drink it faster."

## AFTERWORD

I believe that Jews and Arabs are not destined to hate each other. Already, in our lifetime, warm diplomatic relations have been formed between Israel and various Arab/Muslim nations. It is my wish that all the jokes in this book that exploit the animosity between Arabs and Jews should become outdated as soon as possible.

Among Jews and Palestinians, friendships do exist. Cooperation happens daily behind the scenes. I see no perfect solutions to the larger conflict in the near future, but I hope we can get along in the meantime as neighbours and fellow human beings.

Even though the main purpose of this book is to mock the Palestinian cause, I made a point of including a few jokes that make Jews look bad (and even a couple that make Palestinians look good). Both sides need to see their own faults and laugh. If we're all gonna die in this endless war, we might as well die laughing!

Lastly, my apologies for any jokes that come across as deeply racist. My intention is always to mock the racist attitudes themselves, as being absurd. Unfortunately, not everyone gets it. I was banned from a standup comedy club for testing some of the jokes in this book. If you did indeed "get" most of the humour in this book, I hope you had a few laughs.

Sincerely,

Paul E. Stein

# ~~HISTORICAL~~ **HYSTERICAL** PALESTINE

**Author Paul E. Stein is half Jewish and half Palestinian - he's his own worst enemy! And he is proud to present the first of its kind anywhere:  
An entire joke book dedicated to mocking the Palestinians and their lost cause!**

**Paul has spent the past year stealing, adapting and inventing over 100 jokes about the Palestinians (plus a few about the Jews too). Covering every topic related to the conflict: terrorism, the BDS movement, settlements, the peace process, and more - HYSTERICAL PALESTINE leaves no stone unturned, or unthrown.**

\*\*\*\*\*

How many Palestinians does it take to change a light bulb? None.  
They prefer to live in the dark and blame the Jews.

\*\*\*\*\*

God to Moses: "I'll give you a land of milk and honey, with snowy mountains up north, shiny desert in the south, olive trees all around and perfect beaches along the coast."

Moses: "What's the catch?"

God: "Wait till you see the neighbours."

\*\*\*\*\*

The "Free Palestine" slogan makes no sense. No wonder they keep losing land. What Jew could pass on a deal like that?

\*\*\*\*\*

Palestinian construction workers are building homes for a new Jewish settlement in the West Bank. Abdul is working harder than anyone else, grunting and sweating under a huge load of bricks that he carries up and down the ladder all day long. On the walk back to his village, Abdul's fellow workers chastise him for his enthusiasm: "It's bad enough we have to build homes for those accursed Jews - but must you also work so hard?" Abdul winks and says, "I fooled those Zionist dogs. It was the same load of bricks all day!"

\*\*\*\*\*

If the West Bank doesn't belong to the Jews, why is it called a bank?
